

5 REASONS TO JOIN THE TAMPA BAY BUILDERS ASSOCIATION (TBBA)

1- THREE MEMBERSHIPS IN ONE

With your paid Associate or Builder Membership with the Tampa Bay Builders Association, you automatically become a full member of the Florida Home Builders Association (FHBA) and the National Association of Home Builders (NAHB). That's three memberships for the price of one! By being a part of this network, you gain access to numerous resources designed to help you make the most of your membership investment and connect with the benefits that you value most.

2- NETWORKING WITHIN YOUR INDUSTRY

The TBBA offers its members many opportunities throughout the year to network amongst your industry peers. With social events, such as Building Blocks on the Rocks®, and many annual events, your membership allows you to interact in a relaxed, fun atmosphere. Our General Membership Meetings (GMM's) also bring TBBA members together and are a great way to develop new business contacts. All members are urged to get involved with the numerous Councils and Committees available for your participation with your TBBA membership.

3- GOVERNMENTAL AFFAIRS

The Tampa Bay Builders Association actively monitors and works with all city and county governments in the tri-county area, lobbies local and state governmental officials and legislation, represents the building industry's position on a variety of regulatory issues including land use, fees, building & development regulations, and Hometown Democracy to name just a few. In Washington, DC, the National Association of Home Builders lobbying team represents your interests at a national level.

4- EDUCATIONAL OPPORTUNITIES

Many opportunities are presented to the TBBA members throughout the year for new and continuing education courses. At the Southeast Building Conference (SEBC), numerous educational programs are featured in a broad variety of topics that enable contractors to qualify for renewing their licenses and sales training as well. Motivational and educational seminars are featured towards members of the Sales & Marketing Council. Remodelers and Green Builders are offered many courses as well. The TBBA realizes education is an important part of membership and strives to bring to its members current and cutting edge courses.

5- MARKET YOURSELF

Many TBBA members take advantage of the numerous opportunities to advertise and market their products and services to other members. Whether it's an ad or insert in the "Building Barometer", TBBA's monthly newsletter; advertising in the annual membership directory, sponsoring a special event, or advertising on the TBBA website, there's no doubt that there is no limit to marketing our members!
