

WHAT HAS THE

FLORIDA HOME BUILDERS ASSOCIATION

DONE FOR MEMBERS LATELY...

Attacked the credit crunch crisis in the media, with state/federal lawmakers, banking pros and the FDIC.

Hammered home the **appraisal issue** by working with the Appraisal Standard Board of the Appraisal Foundation.

Coordinated with state officials to help **reduce and eliminate unlicensed construction activity**.

Educated members on significant changes to the residential, commercial and fire portions of the Florida Building Code.

Helped put an **end to copper/metal theft** with new laws increasing penalties up to a third-degree felony charge.

Worked aggressively to win important **building code/mitigation legislation**.

Successfully lobbied for \$1 million in funding for an **on-site and springshed protection study** related to septic tanks.

Received important **hurricane mitigation premium credits** in property insurance legislation.

Established an **Online Career Center** for construction professionals wanting to post job openings or resumes.

Defeated bad legislation that would have diminished the ability to own and run successful construction businesses.

PLENTY!

Helped elect Florida builder Barry Rutenberg who is now in line to become the 2012 Chairman of NAHB.
